

Spring Lake Golf Club

October 25, 2010

To Whom It May Concern,

I am writing this to express my sincere thanks to The George Ley Company for the excellent work they performed the past two years at Spring Lake Golf Club. Last year, they installed an irrigation system for our clubhouse grounds. This year, they were awarded a large project consisting of dredging a number of our streams and ponds as well as constructing and installing three weirs within those waterways. The initial work performed was terrific and if a minor callback was necessary, they were prompt and corrected any issue immediately.

I would recommend The George Ley Company and welcome you to contact me for further information regarding their performance.

Bruce Peeples CGCS
